Ultra-fast-acting disinfectant covering the whole spectrum, UMONIUM³⁸ MASTER FOOD SPRAY kills all germs present on treated surfaces with a single spray (including *S. typhimurim*, *MRSA* and human coronavirus). This PREMIUM product is a professional tool guaranteeing the efficient decontamination of surfaces in contact with human and animal food products. Its performance is verified and validated especially where many disinfectants are powerless; against micro-organisms resistant to antibiotics. Thanks to its neutral pH level, it is safe for the operator and materials. It is the essential disinfectant to preserve the health of staff and the environment.

UMONIUM³⁸ MASTER FOOD SPRAY is a biocidal product. Use biocides safely. Read the label and product information before use.
